

## END-OF-LIFE (EOL) NOTICE

### XD2000

In keeping with our commitment to providing our customers and partners with the highest level of service and support, ExaDigm will End-of-Life ("EOL") the current XD2000 mobile point-of-sale terminals.

The following End-of-Life (EOL) terms apply to the XD2000 mobile point of sale terminals listed below:

#### 1. End-of-Life (EOL) Date

On March 1, 2011 all configurations of the following terminal will be discontinued:

Part No.	Product Description
T300010.000	XD2000 Base Unit
T3MT383.000	XD2000 w/CDMA
T3MS401.000	XD2000 w/GSM
T3MW900.000	XD2000 w/WiFi

#### 2. Final Orders

ExaDigm will cease taking orders for all XD2000 mobile point of sale terminals listed above effective immediately.

#### 3. Existing Inventory

Effective the EOL date, all XD200 mobile point of sale terminals listed above will be available on a "first come, first serve" basis until the inventory is depleted.

#### 4. Repair Support

Repair support for all configurations of the XD2000 mobile point of sale terminals listed above will be available for customers for a period of one (1) year or any other stated warranty period, as component availability permits or a replacement product will be offered.

#### 5. Continued and Future Development

There will be no new ExaDigm sponsored hardware or software development for this product after the EOL date. ExaDigm recommends that all customers and partners begin the process of implementing a plan to migrate from the XD2000 listed above to the new NX2200.

#### 6. Replacement Products

The following replacement product is available for the EOL XD2000:

Part No.	Product Description
