# K200

## Features & Benefits

**Enhanced User Experience** – K200 features allow you to run your business the way you want.

- Accepts all payment methods, including EMV, NFC, and magstripe.
- Bluetooth and USB connectivity turn smart phones, tablets and PCs into secure mobile point-of-sale devices.
- Developers can use the K200 to solve many of their point-of-sale challenges, using ExaDigm's API.

**Platform Agnostic** – K200 supports devices on both the Android and Apple operating systems.
